Project A+: Studies in the Academic Library Catalog (Enhance IPeds)
Library Personal Development (2016-2018)

Edward N., Wds J. (Co PI), Anderson A. (Project Coordinator)

Project A+ is a grant funded by the IFLM and

Library Services in collaboration with the FSU School of Information Science and Library

Center for Science and Digital Learning. The project is a research-based strategy for

academic libraries to create a high quality user experience.
