Helping every student and family member thrive in their university experience. One person at a time.

In order to transition into and through their USF experience, New Student Connections and Parent and Family Programs cultivates community, fosters a sense of belonging, and provides individualized support so each person:

- Feels cared for and that they matter
- Sees possibilities and hope
- Accesses knowledge and resources

We have an empowered, well-trained caring staff and student leaders who invest their time and energy to support USF students and families.

These are our values. They reflect who we are and how we make a difference.
